**About IndUS-2012**

*‘To him mythology was "the song of the universe," "the music of the spheres" -- music we dance to even when we cannot name the tune.’*

- Bill Moyers on Joseph Campbell

*Indian mythology is a large and diverse body of traditional narratives, developed by different peoples, sects, and philosophical schools, in different regions and at different times. These traditions – arising from history, philosophy, and folklore -- are sources for deeper meaning and symbolism, inspiring great literature and a complex range of interpretation and beliefs.*

*Rooted in ancient poems and epics, the mythologies of the Indian sub-continent helped give rise to many of the world’s great religions, as well as to folk traditions in India and elsewhere in the world. These modern and contemporary religious beliefs and teachings, including including Hinduism, Buddhism, Jainism and Sikhism, have been developed through a long history and deep literature. They hold a profound wisdom and enduring value for all people.*

*Join us for an entertaining evening of fun as we dance to the music of the spheres while exploring this fascinating and ancient field.*

**The Mysterious World of Indian Mythology**

You will be treated to:

**Exhibition & Reception**  
(5:00 to 6:30 p.m.)

*While you enjoy the social hour, visit the exhibition area. Our volunteers work hard to put together exhibits both entertaining and informative. Mythology in India shows many aspects and forms. Our exhibits will bring you all of them out of mystery and demonstrate similarities with other mythologies around the globe. Look also for the live shows taking place in bar area.*

**Banquet**  
(6:30 – 8:15 p.m.)

*Enjoy the delicious Indian cuisine and choicest wines while you socialize with interesting and diverse guests. Our chef, a culinary artist, has new creations for your discriminating pallet.*

**Cultural Program**  
(8:30 to 9:30 p.m.)

*The cultural program melds the human aspirations embedded in the mythologies of the East and the West. Through a fascinating combination of dance, music and other audiovisual media, the audience will be transported to that common ground and common bonds that we call our civilization.*
